RE: MTC TIP Revision No. 2015-15 – Administrative Modification

Dear Mr. Aljabiry:

Please be advised that MTC recently made several changes to the 2015 Federal Transportation Improvement Program (TIP). TIP Revision No. 2015-15 revises 83 projects with a net increase in funding of approximately \$74,000. Among other changes, this revision:

- Updates the funding plans of 78 Surface Transportation Program/Congestion Mitigation and Air Quality Improvement Program (STP/CMAQ) funded projects and one Regional Transportation Improvement Program funded project to reconcile the TIP with past and planned obligations; and
- Update the funding plans of two projects to reflect the transfer of \$500,000 in CMAQ funds from the Sonoma Marin Area Rail Corridor project to the Clipper Fare Collection System program.

The TIP revision entries have been emailed to your staff. MTC's 2015 TIP, as revised with Revision No. 2015-15, remains in conformity with the applicable State Implementation Plan (SIP) for air quality and the revision does not interfere with the timely implementation of the Transportation Control Measures contained in the SIP and the TIP remains financially constrained by year.

The projects that are included in this administrative modification are not included in any other amendment that is open for public review. MTC's 2015 TIP, including the proposed Revision No. 2015-15, is consistent with metropolitan transportation planning regulations per 23 Code of Federal Regulations Part 450 and conforms to MTC's Regional Transportation Plan (Plan Bay Area).

Sincerely,

Alix A. Bockelman
